Produced by our parent company HanesBrands, this face covering is made from 100% breathable 3-ply cotton which is gentler on the skin. And because they’re machine washable for up to 30 washes, they’re gentler on the planet too!

The UK Government advises people to wear face coverings on public transport and while shopping, to help control the spread of Covid-19.

**BENEFITS**

- Made of 100% natural, 3-layered-cotton, therefore gentle on the skin and comfortable to wear.
- Washable at 60°C on 30min cycle.
- Can be reused up to 30 times, therefore more economical and less harmful to the environment than single-use options.
- More ecological than one-way face coverings as it is less bio-hazardous if washed before disposing, and as a result, more cost effective too (saves the wearer money).

One pack contains 5 face coverings.

Comfortable for daily wear when a PPE/Medical mask is not required.

This covering is not intended as personal protective equipment and is not to be used to protect users. This covering is not intended to be used in a surgical setting. Not certified. Not medically tested.
